Dear Fourth Graders ,

Fifth graders is easy sometimes. You do a lot of work, but after you are done, you can do what you want to do. That means read , Soft Seven , Easy Tech, IXL , Stride , Kahoot , Code , and Math Playground . Fifth grade does fun things. You work on the garden, have fun field trips, and you go to Little Rock . If you go to the Soft Seven School Competition, you miss work. Then you go to the regional. Then if you are in 10th or higher, you go to Oklahoma and miss the whole entire school day .

About fifth grade, it is hard, and you do a lot of essays. You have to write them in 30 minutes and it is hard. You do cursive handwriting . You have 2 bathroom pases, and if you lose one, you can go only once each day. But you can buy the bathroom pass, if you lose one only for 2 Paw Bucks.

Sincerely ,

Gustavo
